

POSTER LISTING

MONDAY 5 JUNE 2017

Poster Number	Paper ID	Paper Title	Submitting Author	Theme/SubTheme
1	141	Use of diagnostic audiology in developing a long-term approach for measuring disease burden among indigenous children living in remote north australia	Dr Dino Hodge	Disease burden (First Nations)
2	130	Tuberculous otitis media: a case report of one-month-old infant	Miss Elina Mezzile	Disease burden (Global - Developed and Developing world)
3	57	Preoperative hearing evaluation using patch test in patients with perforation of tympanic membrane	Dr Yasutoshi Komatsubara	Epidemiology (First Nations)
4	135	Genetic and health services follow-up in an indigenous population with high prevalence of otitis media	Dr Regie Santos-Cortez	Epidemiology (Global - Developed and Developing world)
5	16	Impact of Pneumococcal Conjugate Vaccines on Selected Head and Neck Infections in Hospitalized Israeli Children	Dr Tal Marom	Epidemiology (Global - Developed and Developing world)
6	19	First year of life acute otitis media admissions in the 13-valent pneumococcal conjugate vaccine era	Dr Tal Marom	Epidemiology (Global - Developed and Developing world)
7	18	Adherence to acute otitis media diagnosis and treatment guidelines among israeli otorhinolaryngologists	Dr Tal Marom	Interventions - treatment and prevention approaches to reduce OM, Hearing Loss and disadvantage (Guidelines)
8	50	How do clinicians treat acute otitis media? A feasibility survey for a proposed clinical trial testing corticosteroids for acute otitis media in children	Dr Respati W. Ranakusuma	Interventions - treatment and prevention approaches to reduce OM, Hearing Loss and disadvantage (Complementary and alternative)
9	72	Increase in tosofloxacin-use for pediatric infectious diseases in Japan and its influence on causative pathogens of acute otitis media in children	Prof Tatsuya Hayashi	Interventions - treatment and prevention approaches to reduce OM, Hearing Loss and disadvantage (Medical - Holistic)
10	114	The resolution of otoscopic signs during the recovery of acute otitis media in young children	Dr Johanna Uitti	Interventions - treatment and prevention approaches to reduce OM, Hearing Loss and disadvantage (Medical - Holistic)
11	124	The role of-acetyl cysteine in the treatment of Otitis Media with effusion in children	Dr khalid al kamil	Interventions - treatment and prevention approaches to reduce OM, Hearing Loss and disadvantage (Medical - Holistic)
12	145	Povidine-iodine ear wash and oral cotrimoxazole for chronic suppurative Otitis Media in Aboriginal children: a 2x2 factorial randomised controlled trial	Prof Amanda Leach	Interventions - treatment and prevention approaches to reduce OM, Hearing Loss and disadvantage (Medical - Holistic)
13	178	OPTIMIZATION OF PEPTIDES THAT ACTIVELY CROSS THE TYMPANIC MEMBRANE	Prof Allen Ryan	Interventions - treatment and prevention approaches to reduce OM, Hearing Loss and disadvantage (Medical - Holistic)
14	66	The Swedish Grommet Register - an Evaluation of Hearing Outcomes and Reasons for Surgery	Dr Marie Gisselsson-Solen	Interventions - treatment and prevention approaches to reduce OM, Hearing Loss and disadvantage (Medical - Surgical)
15	133	An update of a review of the effect of ventilating tubes in young children with recurrent acute otitis media	Prof Jørgen Lous	Interventions - treatment and prevention approaches to reduce OM, Hearing Loss and disadvantage (Medical - Surgical)
16	155	Medical treatment of nasopharyngeal inflammation fails to improve severe eustachian tube dysfunction.	Prof Cuneyt Alper	Interventions - treatment and prevention approaches to reduce OM, Hearing Loss and disadvantage (Medical - Surgical)
17	181	Quantification of eustachian tube structural properties-the valsalva maneuver	Dr Cuneyt M Alper	Interventions - treatment and prevention approaches to reduce OM, Hearing Loss and disadvantage (Medical - Surgical)
18	65	Monoclonal antibodies directed against the dna-binding tips of integration host factor disrupt biofilms formed by multiple bacterial species	Mr Stephen L. Toone	Interventions - treatment and prevention approaches to reduce OM, Hearing Loss and disadvantage (Vaccines)
19	164	Voices - vaccines to prevent Otitis Media in children entering school	Ms Nicole Wilson	Interventions - treatment and prevention approaches to reduce OM, Hearing Loss and disadvantage (Vaccines)
20	167	Otitis Media history, hearing impairment and university student hearing health behaviours	Miss Eliza Loggie	Learnings from the community
21	160	Hearing in Diabetes Mellitus type 2	Prof Vikas Kakkar	Learnings from the field
22	175	Tuberculous Otitis Media.	Prof Vikas Kakkar	Learnings from the field
23	165	The servicing of hearing assessments in Indigenous infants	Ms Beth Arrowsmith	Learnings from the field

TUESDAY 6 JUNE 2017

Poster Number	Paper ID	Paper Title	Submitting Author	Theme/SubTheme
24	37	Phase variation of nontypeable Haemophilus influenza affects mucosal immune responses in the middle ear	Dr Yoshinori Kadowaki	Pathogenesis (Animal Models)
25	77	The edison mouse mutant in the Nischarin gene causes chronic Otitis Media	Dr Hilda Tateossian	Pathogenesis (Animal Models)
26	89	The chinchilla research resource database: a genome, phenotype and disease resource for chinchilla research	Ms Jennifer Smith	Pathogenesis (Animal Models)
27	180	A physiologic method of assessing eustachian tube adhesion	Dr Cuneyt M Alper	Pathogenesis (Animal Models)
28	20	Studies by Nature of "Eustachian Tube Dysfunction"	Dr Tal Marom	Pathogenesis (Immunology)
29	8	Topographic distribution of pseudomonal biofilm on tympanostomy tubes – an in vitro model	Dr Tal Marom	Pathogenesis (Microbiology)
30	39	Relationship between minor antineutrophil cytoplasmic antibody (anca) and otitis media with anca-associated vasculitis	Dr Kaori Tateyama	Pathogenesis (Immunology)
31	184	Effect of Electronic Cigarettes on Human Middle Ear	Dr Jiwon Chang	Pathogenesis (Immunology)
32	35	Phase variation of nontypeable Haemophilus influenza affects mucin production in the middle ear	Prof Masashi Suzuki	Pathogenesis (Microbiology)
33	64	Rhinovirus infection promotes adherence of nontypeable Haemophilus influenzae to human airway epithelium	Mr Stephen L. Toone	Pathogenesis (Microbiology)
34	67	S100A8 - S100A9 and S100A12 expression in Otitis Media	Dr Joseph Kerschner	Pathogenesis (Microbiology)
35	86	Spatiotemporal growth patterns of nontypeable Haemophilus influenzae biofilms are dependent on extracellular DNA	Dr Elaine Mokrzan	Pathogenesis (Microbiology)
36	92	Antibodies against two critical biofilm components induced disruption of NTHi biofilms by distinct mechanisms both separately and synergistically	Mr Michael Ward	Pathogenesis (Microbiology)
37	94	Identifying microbial factors protective against recurrent acute otitis media	Ms Rachael Lappan	Pathogenesis (Microbiology)
38	96	Microbial genomics: the use of next generation sequencing in clinical diagnostic microbiology research to explore the microbiome of the middle ear.	Mrs Joanne Barfield	Pathogenesis (Microbiology)
39	121	A case of acute mastoiditis with subperiosteal abscess requiring emergency surgery	Dr Naoko Sata	Pathogenesis (Microbiology)
40	126	The microbiology of chronic suppurative otitis media in children enrolled in a rct of topical ciprofloxacin versus framycetin-gramicidin-dexamethasone	Miss Celestine Aho	Pathogenesis (Microbiology)
42	151	Biological evaluation of lipooligosaccharide- an outer membrane surface antigen from Moraxella catarrhalis: a study on its potential use as a vaccine candidate	Mr Sanjesh Singh	Pathogenesis (Microbiology)
43	162	Biological evaluation of lipooligosaccharide- an outer membrane surface antigen from Moraxella catarrhalis: a study on its potential use as a vaccine candidate	Mr Sanjesh Singh	Pathogenesis (Microbiology)
44	159	Predominance of otopathogens in the nasopharynx of children with and without recurrent Acute Otitis Media	Mrs Camilla de Gier	Pathogenesis (Microbiology)

WEDNESDAY 7 JUNE 2017

Poster Number	Paper ID	Paper Title	Submitting Author	Theme/SubTheme
45	32	Otitis Media with ANCA Associated Vasculitis (OMAAV): A case report	Dr SHOHEI HARABUCHI	New Technology (Multidisciplinary and innovative)
46	34	Clinical features and treatment outcomes of otitis media with antineutrophil cytoplasmic antibody (ANCA)-associated vasculitis (OMAAV): A retrospective analysis of 235 patients from a nationwide survey in Japan.	A/Prof Kan Kishibe	New Technology (Multidisciplinary and innovative)
47	68	Pure Tone Hearing Profiles in Children with Otitis Media with Effusion	Dr Ting Cai	New Technology (Multidisciplinary and innovative)
48	69	Hearing loss in children with otitis media with effusion: Actual and simulated effects on speech perception	Dr Ting Cai	New Technology (Multidisciplinary and innovative)
49	82	Raman Spectroscopy to Determine Characteristics of Middle Ear Effusions	Dr Tulio Valdez	New Technology (Multidisciplinary and innovative)
50	158	Application of Burrow's solution for cement foreign body at the external auditory canal	Dr Yuto Naoi	New Technology (Multidisciplinary and innovative)
51	183	AN IN VITRO ASSAY TO EVALUATE ACTIVE TRANSPORT ACROSS THE TYMPANIC MEMBRANE	Dr Arwa Kurabi	New Technology (Multidisciplinary and innovative)
52	195	Australian ENT Services and Aboriginal Ear Health	Madeleine Pearson	Community ear health
53	194	Understanding the Implications of Otitis Media on a child's Education, Health and Wellbeing	Donna Rees	Community ear health
54		Development and validation of a cultural capability measurement tool for Health Professional Students: Lessons to inform Ear and Hearing Health Workforce development	Kyly Mills	Community ear health
55		The Impact of a Discrete First Peoples Health Course On Health Professional Students Cultural Capability: Lessons To Inform Ear And Hearing Health Education And Training	Ronell Wilson	Community ear health
56		Applying the Aboriginal and Torres Strait Islander Health Curriculum Framework to Ear and Hearing Health Education and Training	Dale Rowland	Community ear health
57		Higher Education Commitment to Increasing Aboriginal and Torres Strait Islander Health University Trained Ear and Hearing Health Workforce.	Kirsty Nichols	Community ear health
58	197	Men's Health in The Kimberley:	William McIntosh	Community ear health
59	200	Early outcomes of the WATCH Trial - a randomised controlled trial of immediate antibiotics compared with watchful waiting in children with Acute Otitis Media in urban Aboriginal communities	Jennifer Reath	Community ear health
60	199	Protocol for a multi-centre randomised controlled trial to compare nasal balloon autoinflation versus no nasal balloon autoinflation for otitis media with effusion in Aboriginal and Torres Strait Islander children (the INFLATE trial)	Shavaun Wells	Community ear health
